Subject: Srisailam Project - Wireless Sets - Installation of wireless Set at Tungabhadra Dam - Concurrence. **File No.** PWD 5 BRA 68.

WD 01050—GPB—8,00,000 13-12-65

Receipt No. 1021 from the Govt. of A.P.

Letter No. 3191-G/66-25, dt. 1-4-68 from the Joint Secy: to Govt. P.W.D. Hyderabad is placed at page 1 of C.F. for perusal. In order to get advance flood warnings, ~~they~~ the Govt. A.P. have proposed to instal 6 wireless Sets at - 1. Pragatoor

2. Nagarjuna Sagar Dam.
3. Srisailam Dam.
4. Hyderabad.
5. Tungabhadra Dam
6. Vijayawada.

Since Tungabhadra Dam is located in this State, ~~they~~ have Requested Mysore Govt. for Concurrence.

3) In a Similar case Mysore Govt. have given their Concurrence for installation of Radio Telephone Circuit to connect Yadgir on the tributory of Bhima and Tanagadgi on Krishna Arm with Srisailam Project. Please ~~note~~ see page 11 (Flag. H) in file No. PWD 24 BRA 66 which is placed below.

16/4/68.

4) The Govt. of Andhra Pradesh have sought the Concurrence of Mysore Govt. for the installation of the wireless set at the above places so as to get advance flood warnings. This may perhaps be agreed to.

27) Kind reference is invited to paras 23 and 26 of notes above. The finalised minutes of the first meeting (1968-69) of the Tungabhadra Board held at Bangalore on the 20th and 21st July 1968 have not yet been received. However, from the draft minutes of that meeting the decision relevant to the matter dealt with in this file is extracted below:-

> "Flood warnings - furnishing of guage readings and discharge data to the Supervisor of Srisailam project stationed at T.B.Dam during working season - orders - sought.

Resolved that ~~the~~ guage readings and discharge data at the dam be furnished to the Govt. of Anahdra Pradesh by the Board. The Board also decided that there was no need for a Supervisor to be posted at ~~the~~ T.B.Dam by the Govt of Andhra Pradesh ~~Govt.~~ The member representing the Govt.of Mysore stated that his Govt. had not agreed to the installation of a wireless set at ~~the~~ T.B.Dam.

2. The Board also considerered the question of collection of flood data by the Chief Engineer,Irrgn.Br. at the Dam and decided that the C.E. Irrgn.Br. should prepare an estimate for connecting strategic points for the purpose of getting the information and submit to the Board."

28) Submitted with ref. to para 23 above.

19/9/68

29) We may intimate, if agreed that that this Govt. is not agreeable for the installation of a wireless set

Serial no 20 from Govt. of Andhra Pradesh — note 408

The Govt. of Andhra Pradesh in their letter at Serial no 20 have again written to reconsider the stand taken by this Govt. and agree to the installation set at Tungabhadra. Please see the orders passed at pages 29 to 32 ante. Accordingly a reply in negative was sent to them on 4.10.1968.

The present proposal to reconsider the stand, as ~~made~~ desired by the Govt. of Andhra Pradesh is for perusal & orders.

16/1/69

Please see the letter from AP placed below. There does not appear to be specific reason or ground for reconsidering our stand and accepting the installation of a wireless set at TB Dam by AP.

Please see the notes at pages 29 to 32 ante. and ~~at pages~~ the notes 40 & 41 of the notes portion.

In the circumstances explained in the above note, the proposal of the Andhra Pradesh was not agreed to.

7/5/68

D/S(O).

—45—

Please see the letter from the Chief Minister of Andhra Pradesh placed below and also the Minute of the Chief Minister on it :

> "I want to know why this has not been agreed to by our representative.
> This seems to be a reasonable request.
> Please get a note and put up."

Subject: **File No.** **M. G. S.**

WD 01050—G?B—8,00,000 13-12-65

The Government of Andhra Pradesh intimated with its letter dated 1-4-1968 at page 1 c.f. that it is proposed to install a wireless set at the Tungabhadra Dam for enabling it to have advance intimation of the floods in Tungabhadra River for the work at Sreesailam Dam. This subject was discussed in the Tungabhadra Board meeting held in July 1968 at Bangalore and it was opined that the installation of a wireless at Tungabhadra Dam could not be agreed to. Please see paras 27-32 ante. It is now reported by the Chief Minister of Andhra Pradesh that it is quite essential to get advance flood warnings in order to ensure the safety of men and machinery employed on the construction at Srisailam Dam and for this purpose it is necessary to establish a wireless station at the T.B. Dam. Flood warnings through telephone or telegram would be delayed and as such the need for wireless communication.

Under the circumstances the request of Andhra - Pradesh may, perhaps, be agreed to.

3/5

VEERENDRA PATIL
Chief Minister

This State Government have sanctioned the installation of six wireless sets at (1) Pragathur, (2) T.B. Dam (3) Srisailam Dam (4) N.S. Dam (5) Vijayawada and (6) Hyderabad for communicating the flood warnings in advance. The Government of India have also agreed to the issue of a licence to the Chief Engineer, Srisailam Project, for installation and operation of the wireless sets in all the above places except Hyderabad, and the Chief Engineer has also taken action to procure the wireless sets from M/s. Bharat Electronics Limited. Since one of the wireless sets is required to be installed at the T.B. Dam, the Tungabhadra Board and the Government of Mysore (PWD) were requested to communicate their concurrence for the installation of a wireless set at the T.B. Dam. But unfortunately, the Government of Mysore did not agree to it. The T.B. Board have, however, intimated that information regarding the flood discharge would be furnished to this Government.

1507 - 7.5.69

Since the construction of Srisailam Project is done in the deep gorge portion of the river Krishna, you will I am sure, agree that it is quite essential to get advance flood warnings in order to ensure the safety of men and machinery employed on the construction. For this purpose, it is very essential to establish a net work of wireless stationsat the several places mentioned above including the T.B. Dam, as Tungabhadra is one of the major tributories of Krishna. I need hardly emphasise the imperative necessity to obtain advance flood warnings through wireless in order to eliminate the delay in their transmission through telephone or telegram.

In view of the above position, I am sure that you would appreciate the stand of this Government, and communicate the concurrence of your Government for the installation of a wireless set at the Tungabhadra Dam.

With best regards,

Yours sincerely,

(K. Brahmananda Reddi)

Sri Veerendra Patil,
Chief Minister of Mysore,
Bangalore.

GOVERNMENT OF ANDHRA PRADESH

Public Works Department, Projects Wing

From
Sri S.S.Jaya Rao, B.A.,(Hons).,
Deputy Secretary to Government.

To
✓ The Secretary to the Government of Mysore,
Public Works and Electricity Department,
Vidhana Soudha,
BANGALORE.

Letter No. 2992-G/68-5, dt. 3-1-1969.

Sir,

Sub:- Installation of wireless set at Tungabhadra Dam to communicate flood warnings in advance to Srisailam Project - Regarding.

Ref:-1. This Government's Lr.No.3191-G/66-25 PWD. Projects Wing, dt. 1-4-68. | P. 1. C.F vol. I
2. From the Govt. of Mysore Lr.No.PWD.5BRA.68 dt. 4-10-68. | P. 19. C.F Vol. I

I am directed to invite reference to the correspondence cited, and to state that since the Srisailam Project is in the construction stage in a deep gorge portion of the river Krishna, it is necessary to ensure the safety of men and machinery employed on the construction of the Dam in the event of floods. As Tungabhadra being one of the major tributaries of Krishna, it would be very useful if a Wireless set is installed at the Tungabhadra Dam for communicating the flood warnings immediately to the Srisailam Project, and also to the Nagarjunasagar Dam and Vijayawada, so that action could be taken for the evacuation of men and material before the onset of floods. The Tungabhadra Board has, no doubt, agreed to furnish information regarding flood discharge and guage readings etc., to this Government. But in order to eliminate delay in their transmission through the Telephone or Telegram, this Government consider it necessary to instal a wireless set at the Tungabhadra Dam. The installation of set at the Tungabhadra Dam will be useful to the Mysore Government also in getting flood warnings to other places in the Mysore State.

4/1

Date 7/1

2) I am, therefore, to request that the Government of Mysore may kindly be moved to reconsider their stand, and agree for the installation of a wireless set at Tungabhadra Dam.

Sir,

Sub:- Srisailam Project - Wireless Sets - Installation of Wireless Set at Tungabhadra Dam - Concurrence - Requested.

I am directed to forward herewith a copy of letter No 3191-G/66-25 dated 1-4-1968 received from the Joint Secretary to Government of Andhra Pradesh, PWD (Projects Wing) Hyderabad on the above subject and to request you kindly to furnish a report in the matter at an early date.

Yours faithfully,

for Secretary to Government
Public Wo-rks and Electricity Department

ISSUED
Dated 23/4/68

Copy of letter No. 3191-G/66-25, dated 1-4-68, From the Joint Secretary to Government, P.W.D.Projects wing, Hyderabad, addressed to the Secretary to the Government of Mysore, Public Works and Electricity Department, Bangalore.

Sub:- Srisailam Project - Wireless
Sets - Installation of Wireless
Set at Tungabhadra Dam -
Concurrence - Requested.

I am directed to state that it is proposed to purchase six Wireless Sets for installation at (1) Pragatoor (2) Nagarjunasagar Dam (3) Srisailam Dam (4) Hyderabad (5) Tungabhadra Dam and (6) Vijayawada in order to get advance flood warnings. Purchase orders have, therefore, been placed by the Chief Engineer, Srisailam on M/s Bharat Electronics Ltd., for the supply of the sets. Since one of the places selected namely Tungabhadra Dam is located in the Mysore State, I am to request that the concurrence of the Mysore Government for the installation of the Wireless set at the above place may kindly be obtained and communicated at an early date.
